

MIRACLETECH™
SECURITY

TAKE THE INITIATIVE TO PROTECT PLAYGROUNDS & PEOPLE.

Every year, security problems like vandalism, graffiti, and theft cost playground owners millions of dollars. With the risk of child abductions and other violent crimes, the human cost of even one incident is more than anyone is willing to pay.

For these reasons, Miracle Recreation developed the MiracleTech™ Security products (patent pending) for park directors, school administrators, parents, children, and others concerned about the vandalism and more serious crimes that can happen at their recreational facilities.

The integrated MiracleTech Security system discourages loitering, lights up the night, and keeps an eye on what's happening around the clock.

Take the initiative in playground security. Contact your local Miracle Representative, call **1-888-458-2752**, or visit **www.miracle-recreation.com** today to learn more.

MIRACLETECH™
SECURITY

INTEGRATED PLAYGROUND PROTECTION

Finally, you can provide complete security protection for people and property at any playground or park where vandalism, loitering, child predation, or other crimes are a concern. MiracleTech Security* is the first integrated playground security system featuring patent-pending technology you and your community can rely on.

MiracleTech Security features the revolutionary SonicScreen™ vandal deterrent, which uses exclusive, ultrasonic, Mosquito** technology to create a “sound barrier” that keeps loiterers and vandals away after hours, ParkWatch™ video monitoring, and SiteBrite™ lighting components. Install the integrated system with all three components, or purchase the SonicScreen, ParkWatch, or SiteBrite components separately as your situation requires.

* Patent pending

** The Mosquito trademark and patent application are the property of Compound Security Systems, Ltd.

Make your facility a no-loitering zone with the SonicScreen, featuring MiracleTech's exclusive, ultrasonic Mosquito* technology. SonicScreen deters after-hours gatherings by emitting an ultrasonic tone that's unpleasant to teenagers.

The SonicScreen can also be configured to a lower frequency where loitering by older age groups is a problem.

The SonicScreen does not affect children under 12 or pets.

- **Weatherproof**
- **Motion activated**
- **Configurable frequency range & volume**
- **Dusk-to-dawn sensing available**

*The Mosquito trademark and patent application are the property of Compound Security Systems, Ltd.

The easy way to keep an eye on things around the clock. Real-time video allows ParkWatch to play a critical role in suspect identification, helping deter child predation and other crimes.

- **Infrared nighttime imaging**
- **Wireless communication**
- **Polycarbonate lens cover**
- **Programmable motion activated**

Banish the darkness in which vandals and other criminals hide. SiteBrite integrated lighting is a crucial component of your effort to protect people and property from a wide range of risks.

- **Long bulb life**
- **Polycarbonate lens cover**
- **Low power consumption**
- **Motion activated**
- **Dusk-to-dawn sensing available**

MAKE YOUR FACILITIES SAFER WITH MIRACLE TECH SECURITY

MiracleTech's™ integrated security system and its individual devices (SonicScreen, ParkWatch, and SiteBrite) allow you to provide enhanced security and protection for parks and playgrounds where people and property would otherwise be vulnerable.

To learn more about how you can put MiracleTech to work for you, contact your local Miracle Representative.
